ASHBOURNE AIRFIELD

Images and development layouts are for illustrative purposes, should be used for general guidance only and are not intended to form part of any contract or warranty unless specifically incorporated in writing. Development layouts including house types and tenures, the location of affordable housing, parking arrangements, play areas, landscaping and public open spaces are subject to change including any changes required due to a change in planning permission. Ashbourne Airfield is a marketing name only and may not be the designated postal address, which may be determined by The Post Office.

Nestled within the picturesque Derbyshire Dales, Ashbourne Airfield is a unique new development combining the historical charm of the former RAF airfield with modern convenience. Traditional village-style homes here are designed with energy-efficient features such as solar panels and electric-vehicle charging points.

Throughout the development, you will find thoughtful references to its heritage, with the original runway preserved and transformed into landscaped green space.

For your everyday amenities, Ashbourne town centre is just a 5-minute drive away and features a range of independent shops, a Sainsbury's supermarket, Leisure Centre, a Gym, and Ashbourne Park.

Derby, Burton-upon-Trent, and Stoke-on-Trent are within easy reach via the A52 by car, and your nearest railway is 12-13 miles away in Uttoxeter or Derby. There are also local buses which connect you to Matlock, Nottingham, and Burton.

For schooling, there are Ofsted-rated 'Good' schools within catchment, including Queen Elizabeth's Grammar School (QEGS) and St Oswald's C of E Academy.

The development features footpaths, cycleways and a children's park with historical touches, offering a perfect blend of nature and history. Each home will also benefit from a bicycle storage shed, to encourage more sustainable and healthy living.

Buy with confidence at Ashbourne Airfield with an award-winning house builder. What's more, our homes come with an NHBC Buildmark Warranty[^] which gives you a 10 year structural warranty and a 2 year fixtures and fittings warranty as standard.

[^] 2-year builder warranty from legal completion directly from Barratt Homes, backed by NHBC's resolution service. Then 8 years of structural defects insurance cover with NHBC.

NEW HOMES QUALITY CODE

Housebuilders and developers who build new homes will be expected to register with the New Homes Quality Board (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

WHAT THE CODE COVERS

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers). However, the New Homes Quality Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.
